

Electra Electricity Network Prices from 1 April 2020 (excluding GST)

Electra owns and operates the electricity network in the Kapiti-Horowhenua region. The following prices cover the cost of delivering electricity to every consumer connected to our network. These prices are charged directly to Electricity Retailers, who include them in your electricity bills.

LOW USERS
(<8,000 KWH PER YEAR)

Notes:

1. The "All Inclusive" option is only available to existing users who have electric hot water on either a Night (N) or Night Boost (B) meter which, if required, is able to be controlled by Electra. 2. ToU = Time of Use 3. Available 7 days including local and national public holidays 4. EV = Electric Vehicle 5. Electra will limit the eligibility to the EV ToU option to Residential households with plug-in hybrid (PHEV) or Battery EV (BEV) NZTA registered as a passenger carrying vehicle at an address with-in our network area (validation required) 6. For those who are generating electricity on their premises and exporting some or all of this into Electra's distribution network. **Power Factor Premium** This applies to commercial customers. Where the power factor is less than 0.95 Electra reserves the right to impose a power factor premium. The premium will be based on a multiplier of 2% of the monthly total Network price for every 0.01 power factor below 0.95 lagging.
