

**Electricity Network Prices Kapiti Coast and Horowhenua: Effective 1 April 2019**

Electra owns and operates the electricity lines and distribution assets in the Kapiti-Horowhenua region.  
**Electra invoices these prices to Electricity Retailers, who then include these in your regular electricity bill.**

**Electra Electricity Network Prices from 1 April 2019 compared to existing prices (excluding GST)**

Users (Est)	Price Code	Price Option	Price Option Component	Time Zone On	Line Function cents / unit		Transmission cents / unit		Total cents / unit

**Power Factor Premium**

This applies to commercial customers. Where the power factor is less than 0.95 Electra reserves the right to impose a power factor premium.

The premium will be based on a multiplier of 2% of the monthly total Network price for every 0.01 power factor below 0.95 lagging.

**All Inclusive Option**

The All Inclusive option is no longer available except to existing users. Existing users must have electric hot water which, if required, is able to be controlled by Electra, plus either a Night or Night Boost meter.

**Export**

For those who are generating electricity on their premises and exporting some or all of this into Electra's distribution network.

	Network Losses	Loss Factor Code	Loss Factor
Network Losses	6.6%	1	1.071
