EMPOWERING YOUR FUTURE

Are you up for the challenge?

**Challenge
FOR Change**
KAPITI COAST

Challenge for Change is a programme designed to make a positive difference in the lives of whanau and tamariki from Paekakariki through to Otaki.

A carefully selected mentor is partnered with a young person 9 to 13 years, to build a relationship and share their life journey.

Families are supported through a positive parenting programme.

Kapiti charity, Kapiti Impact Trust (KIT), in association with Boys and Girls Institute, piloted the programme in 2017. KIT then took over the programme fully a year later and it continues to grow.

The number of people who can be supported through the programme is influenced by the number of mentors available. The programme has an extremely high calibre of mentors

who give their time to meet up with their 'partners' a few times a week.

Mentors are currently being sought from the Paekakariki to Otaki area. They are offered 20 hours of training as well as ongoing support, and can attend group events throughout the year.

For further information about the role, or to access an application form, please contact us: 022 198 6741, c4c@kit.org.nz or go to the website challengeforchange.nz

Electra Sales Discount

All consumers connected to the Electra Network as at 31 January 2022 will be eligible for the Sales Discount.

Electra will be processing the annual Sales Discount for 2022 in February and the Discount will be distributed via your Electricity Retailer.

Keep an eye out – you should see this credit on your next electricity bill.
