EMPOWERING YOUR FUTURE

Electra owns and operates the electricity network in Kapiti and Horowhenua. We are proudly 100% locally owned by the Electra Trust, for the benefit of all consumers connected to the Electra electricity network. One of the benefits of Electra's Trust ownership is the delivery of annual price discounts to our connected consumers.

Our Community

Kapiti Playhouse has been engaging local amateur thespians and delighting audiences since 1947.

Kapiti Playhouse

This April they present the famous West End Musical, *Oliver!* This will be one of the largest productions for Kapiti Playhouse. The cast of more than 50 include many children and teens coming from as far south as Wellington and throughout the region to as far north as Foxton.

With a membership exceeding 75 people, teams of members are working behind the scenes to create amazing sets and a wonderful wardrobe.

In the 1970's the Kapiti Players, as they were then known, outgrew two hire venues so decided to purchase their own building at 7 Ruahine Street, Paraparaumu. The building has proven to be ideal and apart from their own three annual productions, it is regularly hired out to visiting musicians and other groups to stage a variety of shows.

Based on the Charles Dickens novel *Oliver Twist*, *Oliver the musical*, will be staged at Southwards Theatre, Otaihangā from 17 – 27 April.

For information on Kapiti Playhouse or ticketing for *Oliver* visit Kapitiplayhouse.org.nz or Trybooking.com

No hot water? call us FIRST

If you've got no electric hot water or it doesn't feel as hot as it should be, call us first.

It might not be a problem with your appliance or wiring, it could be that we've temporarily turned off the electricity supply to your hot water cylinder. We call this 'load control'.

Check with us for FREE

Before you call the plumber or electrician and get charged a call-out fee, check your electric hot water load control status FIRST.

You can do this either by:

- visiting our website to check the current load status (in real time)
- calling us on 0800 567 876

If your hot water problem isn't due to load control, we'll send a Faultsperson to your home to check your electricity supply. If they confirm the problem isn't related to our network you should call a plumber or electrician.

Our FREE service could save you an unnecessary fee so please, call us first.

Call 0800 567 876

You can learn more about Electra's load control and what this means for your hot water on our website
