EMPOWERING YOUR FUTURE

Electra owns and operates the electricity network in Kāpiti and Horowhenua. We are proudly 100% locally owned by the Electra Trust, for the benefit of all consumers connected to the Electra electricity network. One of the benefits of Electra's Trust ownership is the delivery of annual price discounts to our connected consumers.

Our Community

Here for Everyone

Te Ara Korowai aims to ensure no-one feels alone on a mental health journey. Established in 2013 with the merging of two mental health groups, the not for profit organisation provides meaningful activities as well as opportunities for connection, support and participation to those who have a 'lived' experience of mental health distress.

The group offers creative and wellbeing classes promoting positive mental health. These include a variety of classes, including the arts, writing, dance, meditation and cooking.

Based at Raumati Beach their services are provided to those throughout Kāpiti, including Paekākāriki and Ōtaki. Everyone is welcome and no referral of any kind is required.

Te Ara Korowai is recovery focused, walking alongside it's members.

Ministry funding has come to an end so the group has created 'Friends of Te Ara Korowai' inviting people to make a small contribution each week. They have a give a little page <https://givealittle.co.nz/org/te-ara-korowai-inc>. Money is used to ensure classes can continue.

Te Ara Korowai put their programmes on their webpage and welcome enquiries from anyone who would like to become involved, or knows of anyone who may like to.

STAY AWAY FROM FALLEN POWER LINES

- Stay at least 10m away from fallen power lines.
- Treat all fallen power lines on the ground as live.
- Call ELECTRA on 0800 567 876 or ring 111.
- Stay away from trees or vehicles touching fallen lines.
- Don't try to rescue anyone in contact with fallen lines.
- If there are power lines on your car, stay inside unless you are in immediate danger. If you must get out, jump clear from the car landing on both feet, and jump away (both feet on the ground at the same time), until at least 10m away.
