EMPOWERING YOUR FUTURE

Electra owns and operates the electricity network in Kāpiti and Horowhenua. We are proudly 100% locally owned by the Electra Trust, for the benefit of all consumers connected to the Electra electricity network. One of the benefits of Electra's Trust ownership is the delivery of annual price discounts to our connected consumers.

Our Community

Age Concern Horowhenua supports people 65 and over, 55 for Maori and Pasifika, to live a valued life in an inclusive society. The organisation promotes wellbeing, rights, respect and dignity.

For Seniors

Members enjoy many services from help with photos enabling Super Gold Cards to be used as supporting identification with approved ID, card crafting classes, Strength and Balance Fall Prevention exercises and much more.

A visiting service for people who lack social contact or are faced with loneliness can include a 'Companion on Paw' service where volunteers bring their canine companion for a visit.

The 'Ageing Well Programme' offers company, trips away and general things to do with like minded people. The Health Promotion Service offers driver education, exercise and digital skills, information on nutrition and more. Free 'Total Mobility' eligibility assessments can be arranged, along with accessing Mobility Parking Permits.

A wide range of services which includes coordinating community support in cases of

elder abuse, working alongside DHB's, Police, Social Workers and home-based support are provided in strict confidence.

The ACH are always open to suggestions of further things to help the seniors in our community.

As a registered charity, Age Concern Horowhenua depends on annual Membership Subscriptions to assist funding their work. Individual subscriptions are \$25 or \$35 per couple, new members are always welcome.

Call in and meet the team at 526 Queen Street East, Levin from 9am - 3pm Monday to Friday.

THE DANGER THAT LURKS BELOW

Please be mindful of the hazard that exists when metal stakes are driven in an area where underground services may exist.

**DANGER
COULD
LURK
HERE**

Consider using non metallic stakes, getting power cables located, and keeping temporary fencing and signage inside the boundary.

Putting a plastic cap on the top of the stake is not much help if the danger is lurking below!
